Third, plants and trees bear fruit in different seasons. So, people may have moved from season to season in search

A changing environment

Around 12,000 years ago, there were major

present-day Kashmir) people built pit-houses, which were dug into the ground, with steps leading into them. These may have provided shelter in cold weather . Ar chaeologists have also found cooking hearths both inside and outside the huts, which suggests that, depending on the weather , people could cook food either indoors or outdoors.

Draw a pit house.
